

LIVE VIOLENCE FREE

As 2020 ended, our community moved into 2021 with a sense of hope and optimism. Little did we know that 2021 would offer us challenges that went far beyond the initial COVID pandemic. As we continued to adapt and move forward, our community was faced with the impacts from the Caldor Fire. Despite the many challenges we experienced during the wildfire evacuation, we are proud to say that our services continued and our resilient staff worked diligently to assist our clients with their housing, legal proceedings, basic needs, therapy, and parenting needs. 2021 showed us how resiliency and community make the largest impact.

Natural disasters and public health emergencies are times of increased stress and vulnerability. Communities often face food insecurities, familial tensions, displacement, disrupted social services, and health problems - all of which accelerate the likelihood and intensity of violence and abuse. As we navigated through these challenges, we were reminded of the importance of community. Our partners came together to address the most critical needs of our community, and we are grateful for the collaboration. The value of support, connection, and shared experiences has never been more important.

By working together, we can ensure that everyone in our community thrives. We thank everyone who has volunteered their time and who made a gift during these difficult times. Together we can empower choices and inspire change

With much gratitude, Sara Anderson Board President Chelcee Thomas Executive Director

Funding Snapshot for 2020-21

Board Members
